

INTERNET AT THE SPEED OF LIGHT. GET HOOKED ON GIGABIT FIBER

SYLACAUGA, ALABAMA – ONE OF THE NATION'S EARLY "GIGABIT CITIES"

In Business, the speed in which the network operates can be critical. We can deliver the Bandwidth to meet any business need or requirement.

Perfect For:

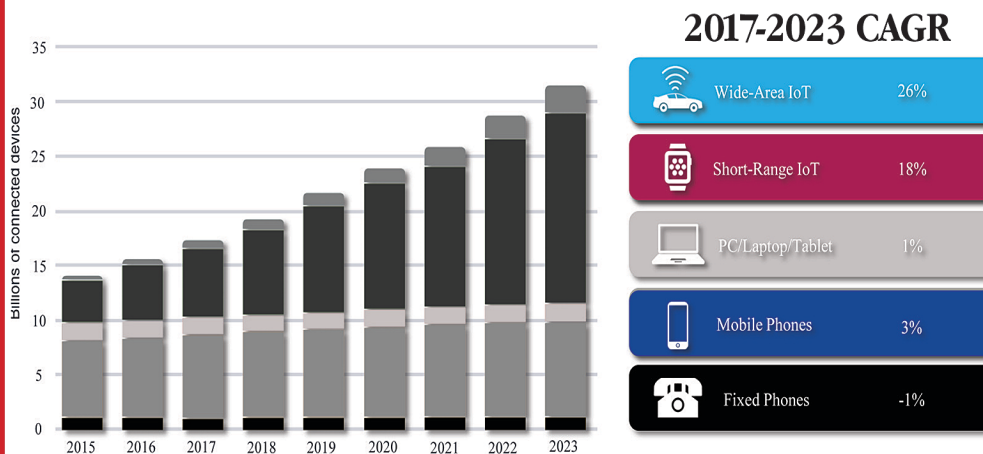

- Streaming Video Applications on multiple devices, at the same time
- High Definition Video Security Systems
- Gaming Consoles
- Smart House Technologies
- Internet of Things (IOT)

In addition:

- Public IP's available
- Extra email accounts available
- 24/7 support for Internet and email

Fiber service is available within the Electric Service Area and a few surrounding areas.

The Rise of the Internet of Things
